AGREEMENT ON RUSSIA

PEACE COUNCIL ARRIVES AT
PLAN FOR SOLUTION OF DIFFICULTIES.

By the Associated Press

PARIS, Jan. 23.—With replies from various Russian factions to its proposal for a conference being awaited the supreme council of the peace conference meets at 1.30 P. M. today. Meanwhile a joint allied commission is being made up, although no names have been announced. All council members were present when the meeting began.

U. S. and Britain Agree.

PARIS, Jan. 23.—The solution of the Russian problem proposed by the supreme council of the peace conference is considered here as the first visible manifestation and realization of American and British accord on the great issues before the peace congress. It is understood that inasmuch as the supreme council adopted the American plan for a settlement of the Russian question, the British plan may form the foundation for a league of nations.

While yesterday's official statement was silent on Russia's foreign debt there is reason to believe that assurance has been conveyed that the bolsheviks will recede from their threat to repudiate this debt in consideration of entente relief for economic conditions in Russia.

AGREEMENT ON INCOME TAX BILL

WASHINGTON, Jan. 22.—Conferences on the new 2-year war revenue bill have completed their work on the income tax section of the measure. The last revision of that important feature of the bill has been concluded. The last word has been said, except perhaps a few ineffectual protests when the conference report comes up for ratification in both houses.

It may therefore be definitely stated what the income tax will be when the American people must pay for the year 1918, and also for the year 1919 and thereafter, unless a Republican Congress about to come into being should amend the pending law.

On incomes of individuals the tax is to be as follows:

For the calendar year 1918, 12 per cent of the amount of the net income in excess of the credit provided in section 216; provided, that in case of a citizen or resident of the United States the rate upon the first \$4,000 of such amount shall be 6 per centum.

For each calendar year thereafter, 8 per cent of the amount of the net income in excess of the credits provided in section 216; provided, that in the case of a citizen or resident of the United States the rate upon the first \$4,000 of such amount shall be 4 per cent.

In addition to the above, the surtaxes on large incomes range from 1 per cent on net incomes in excess of \$5,000 and not in excess of \$6,000, to 65 per cent on the income in excess of 1 million dollars.

Exemptions or credits under the law as affecting individuals shall be as follows:

"The amount received as dividends from a corporation which is taxable under this title upon its net income.

"The amount received as interest upon obligations of the United States and bonds issued by the war finance corporation which is included in gross income under section 213.

"In the case of a single person, a personal exemption of \$1,000, or in the case of the head of a family or married person living with husband or wife, a personal exemption of \$2,000. A husband and wife living together shall receive but one personal exemption of \$2,000 against their aggregate net income; and in case they make separate returns the personal exemption of \$2,000 may be taken by either or divided between them.

"Two hundred dollars for each person (other than husband or wife) dependent upon and receiving his chief support from the taxpayer; if such dependent person is under 18 years of age or is incapable of self support because mentally or physically defective."

AIRPLANES USED AGAINST MEXICAN REVOLUTIONISTS

By the Associated Press

MEXICO CITY, Jan. 23.—General Candido Aguilar, chief of military operations in the gulf regions, is using airplanes with success in his campaign against the rebels, especially in the state of Vera Cruz. Not only are the aviators doing valuable reconnaissance work, but one recently dropped bombs on a party of bandits who believed themselves safely ensconced on the top of a mountain near Orizaba.

SWITZERLAND SUPPORTS U. S.

PRESIDENT OF REPUBLIC WILL
DISCUSS MATTERS WITH
WILSON.

By the Associated Press

PARIS, Jan. 23.—The presidents of the United States and Switzerland will meet tomorrow evening at 7:30 o'clock. President Ador who arrived from Berne today to bear an official statement of Swiss views on international questions to be laid before the peace congress. The statement will say that the political, legal and economic principles formulated by Wilson meet so entirely Switzerland's traditional desires that she will adhere to them no matter what difficulties lie in the way of their realization.

TROTSKY FOR SURRENDER

ORDERS GOVERNOR OF PETRO-
GRAD TO OFFER NO RE-
SISTANCE.

By the Associated Press

LONDON, Jan. 23.—Leon Trotsky, Russian Minister of war, has ordered Seinovieff, the Bolsheviki governor of Petrograd, to surrender the city without a fight, if it is attacked by northern Russian forces.

RUSSIANS INVITED TO CONFERENCE

PARIS, Jan. 23.—An official bulletin issued by the Press Bureau this afternoon says:

"The proposals of President Wilson were approved, including recognition by the associated powers of the right of the Russian people to direct their own affairs without dictation from the outside. The powers do not wish to exploit Russia.

"The powers recognize the revolution and in no way countenance a counter-revolution. They wish to serve Russia unselfishly and invite all organized groups in Siberia or within the boundaries of European Russia as it stood before the war to send representatives to Prince's Island to meet representatives of the associated powers, provided there is a truce of arms meanwhile.

"Such representatives will be expected at the place appointed by Feb. 15.

"A plenary session of the conference Saturday will discuss Mr. Lloyd George's proposals for a league of nations."

Prince's Islands, consist of a group of nine small islands in the Sea of Marmora, from ten to fifteen miles southeast of Constantinople. The largest is Khaki. On this island is a naval academy and a Greek school of theology. The population of the islands numbers about 10,000 for the most part Greeks, Turks and Armenians.

MARTHA WASHINGTON SAILED FROM FRANCE

By the Associated Press

WASHINGTON, Jan. 23.—The transport Martha Washington has sailed from France with 2400 troops including 250 sick and wounded. She is expected to arrive at Newport News January 28.

COLDS AND GRIPPE YIELD TO CALO- TABS OVERNIGHT

To break up a cold over night or to cut short an attack of grippé, physicians and druggists are now recommending Calotabs, the new nausealess calomel, that is purified from all dangerous and sickening effects. Those who have tried it say that it acts like magic, by far more effective and certain than the old style calomel, hitherto recommended by all physicians.

One Calotab on the tongue at bed time with a swallow of water—that's all. No salts, no nausea nor the slightest interference with eating, work or pleasures. Next morning your cold has vanished and your whole system feels refreshed and purified. Calotabs is sold only in original sealed packages, price thirty-five cents. Recommended and guaranteed by all druggists. Your money back if you are not delighted.—Adv.

U. S. FLAG HAULED DOWN

SERIES REPORT ITALIANS SEIZ-
ED SHIP UNDER AMERI-
CAN COLORS.

By the Associated Press

WASHINGTON, Jan. 23.—According to a report made public here today by the official information bureau of the kingdom of Serbs, Croats and Slovenes, a Serbo-Croatian vessel named Binar flying the American flag and having navigation license issued by the naval commander of the Adriatic, was seized at Jelsa, January 16 by Italian forces who hauled down the American flag and carried off the ship under Italian colors.

RUSSIANS FOR CONFERENCE

REPRESENTATIVES OF FACTIONS
IN PARIS FAVOR WILSON'S
PLAN.

By the Associated Press

PARIS, Jan. 23.—Representatives of various Russian governments now in Paris were met today by Sergius Sazonoff, former Russian minister of foreign affairs and now foreign minister of the Omsk government, to discuss the decision of the supreme council to send a mission to Russia to meet representatives of the various Russian factions. The Russian representatives decided to support the movement for the proposed conference.

ENGLAND WILL EXPEND HUGE SUMS ON ROADS

By the Associated Press

LONDON, Jan. 23.—Announcement is made here that the government has set aside \$50,000,000 to be used in road building and in the reconstruction of bridges allowed to fall into decay during the war. It is estimated that 2,500 miles of roads will be constructed, and that the work will give employment to fully 100,000 men, many of whom will be discharged soldiers.

CUT YOUR SHOE BILLS WITH NEOLIN SOLES

"The answer to the problem of shoe wear lies in the use of Neolin Soles"—so says H. L. Evans of Steubenville, Ohio.

"For five months," says Mr. Evans, "I have been wearing the same pair of Neolin-soled shoes at my work at the La Belle Iron Works and they are good for two months more wear. As my work takes me to all parts of the mill daily where I have to walk over cinders, slag, etc., it is simply out of the question to buy anything else to take the place of Neolin Soles."

You too—and your whole family—will find Neolin-soled shoes wear long and so save money. You can get them in the styles you like at almost any good shoe store. And any repairman will re-sole your worn shoes with Neolin Soles—scientifically made to be durable, comfortable and waterproof. They are made by The Goodyear Tire & Rubber Company, Akron, Ohio, who also make Wingfoot Heels—guaranteed to outwear any other heels.

Neolin Soles.

Forty-one states have ratified the dry amendment to the national constitution to date. Looks like it is going to be just about unanimous.

Oklahoma is in need of a "blue sky" law similar to those some other states have enacted, to prevent unscrupulous promoters from fleecing the unsuspecting. While their blandishments often catch men who ought to know better, their efforts are centered on young girls who are working for meager salaries and widows who have been paid life insurance money and want a safe investment. The state should keep close tab on every scheme proposed and the salesmen held strictly to account so that none but legitimate concerns can operate. Just now the grafters are working to unload their worthless stock of various kinds in exchange for Liberty Bonds. They are reaping a golden harvest in Oklahoma and other states and need attention.

Loyalty of Ada Teachers.

When the matter of readjusting our schools in an endeavor to make up the time and the work lost by the children when the schools were closed six weeks on account of the flu, the Board of Education decided to adopt the Saturday plan, acting on the endorsement of the State Department of Education and the State High School Inspector. The Board felt confident of the support of the teachers in the city but to be sure sent each teacher the following notice:

"I wish to assure you of my hearty and loyal support in your effort to give back to the children of Ada the time they have lost without any fault of theirs. I shall be glad to teach Saturdays in an effort to make up as much of this time as possible. I am doing this from a purely patriotic motive and am in no way expecting remuneration for such extra time."

Without exception, this notice was promptly signed and returned to the clerk of the board by every teacher in the city schools. As president of the Board of Education and in behalf of the Board, am making public this statement to show our appreciation of the attitude of our teachers. It is just this spirit of service on the part of the true teacher that makes his work great in the community and at the same time influences the public as well as school officials toward better pay for such service.

Respectfully,
L. T. WALTERS.

Let a Want Ad get it for you.

JUDGE BUSBY TELLS OF JUVENILE OFFENDERS

I have taken the trouble to investigate the juvenile records of the county Court of Pontotoc County since 1910, and have found some striking facts which I think should be of some interest to the parents and good citizens of this county. The records show an increase of 218 per cent on the part of juvenile offenders for the year 1918 over 1917. This seems to have been true of every section of our country judging from newspaper reports.

The records of this office from 1910 down to the present time show that 177 juvenile offenders have had charges filed against them. The number of offenders for each year is as follows: In 1910 there were 13 offenders, in 1911, nineteen offenders, in 1912, nineteen offenders, in 1913, seventeen offenders, in 1914, fifteen offenders, in 1915, twenty-one offenders, in 1916, twenty offenders, in 1917, seventeen offenders, and in 1918, thirty-seven offenders. It should be borne in mind, however, that in a number of these cases some boys were "repeaters," that is, would be brought back into court on second, and even third offenses. It is interesting to note the nature of the charges against these juveniles under the age of 16. By far the largest number are brought into court for petty stealing of every kind and description. The records in this county show that juveniles do about everything the grown-ups do. The list of crime includes the following: Sealing, indecency, burglary, malicious mischief, disturbing school, forgery, disturbing peace with firearms, habitual loafing, assault with dangerous weapons, grand larceny, destroying personal property, killing live stock, assault with knife, spreading poison, receiving stolen property, placing ties on railroad track, and attempting to commit suicide. In considering the number of cases filed since I have been county judge I will state that the records would show many more cases if I permitted it. Often, when the complainant comes in to file a complaint, I find out the nature of the case and unless it is a very serious one, I send for the boy and his parents and have an informal hearing of the matter telling them the nature of the charge, etc. After a heart to heart talk, and a promise on the part of the offender not to repeat the act, he is let go and no case is filed in court. This saves the boys' reputation so far as a bad court record is concerned and usually straightens him out.

The juvenile court and the juvenile code in Oklahoma is not designed to punish the child as a criminal but to correct the social conditions which brought him into court and to reform him if possible. It has jurisdiction over every offender under 16. I have made it almost a universal rule not to send boys to the reform school for first offenses, if their parents or near relatives are responsible people with whom to place the juveniles. Second and third offenders are usually sent to the State Reform School at Pauls Valley, if the institution is not too crowded to receive them, as is often the case. In my opinion the juvenile code is defective in that no punishment is provided for immoral or negligent parents whose lack of parental care is often responsible for the delinquencies on the part of their offspring.

The startling increase of juvenile crimes in 1918 is not because of any unusual vigilance on the part of the officials. In fact as set out above, care has been taken to file as few cases as possible and if the matter can be handled informally, with satisfactory results no case is filed and no arrests made. Some have advanced the theory that juvenile crimes have increased because of war conditions and of lax morals, generally, brought about as a result of the war. In Pontotoc County however, there has not been a single juvenile offender whose father was in the service, so that he was denied paternal restraint.

I will not attempt to give the cause of juvenile crimes but I have tried to investigate every case and find out if possible the reason. Close questioning has developed some interesting facts. In cases of petty stealing it seems that parents have failed to teach their children any respect for property rights, whatever. In some cases boys have told me that they have stolen brass, sacks, etc., to sell to junk dealers in order to get money to attend picture shows. About 50 per cent of the boys brought before me smoke cigarettes and brazenly admit it. Less than 1 per cent of the boys attend any Sunday school at all, and less than 5 per cent attend very irregularly. A few boys when questioned on this point say they would like to attend regularly but haven't clothes which they think suitable to wear and that their parents are too poor to buy them. A few boys apparently came to their downfall through the evil influence of cheap novels and vicious picture shows. They are the type who are always found in the front row of the local theatres showing, by cries of approval, their appreciation of low jokes and vulgar burlesque when a cheap vaudeville is on the "boards." Oftentimes they see vulgar and suggestive pictures, or pictures tending to incite criminal acts. By this I do not mean to condemn the picture shows as a form of amusement for the younger element. On the other hand if proper pictures are shown, I heartily approve it but the same picture that would not be harmful to adults might be very undesirable for children. Likewise the same vaudeville shows. Parents could, however, watch the nature and character of pictures to be shown, especially children's programs, and prevent children from seeing the sensational and highly melodramatic scenes containing such features as street walking scenes, violent attacks on women, vivid murder scenes, and plots in which crime is made to appear attractive.

It is interesting to note the attitude of some parents when their children are haled into the juvenile courts. Some of them admit that "they just can't do anything with their boy" and on investigation it sometimes turns out that they have not tried but on the other hand have let their children run wild. Practically every fond mother, and some fathers present the old, old excuse, that their boy is a perfect angel, but that "other bad boys got him into it." This excuse is given when the facts show that their "Johnny" is the leader of the "gang." The only object of the "gang" is to help their children "get out of trouble." The idea of co-operating with the courts and officers to reform the offender does not occur to them, but on the other hand, they often assume a hostile attitude toward the officials, hire an attorney to "beat the case" and generally uphold whatever act was committed. This "incites" the offender to other crimes on the theory that his parents

PRINCE ALBERT

YOU can't help cutting loose joyous remarks every time you flush your smokespot with Prince Albert—it hits you so fair and square. It's a scuttle full of jimmy pipe and cigarette makin's sunshine and as satisfying as it is delightful every hour of the twenty-four!

deville shows. Parents could, however, watch the nature and character of pictures to be shown, especially children's programs, and prevent children from seeing the sensational and highly melodramatic scenes containing such features as street walking scenes, violent attacks on women, vivid murder scenes, and plots in which crime is made to appear attractive.

It is interesting to note the attitude of some parents when their

children are haled into the juvenile courts. Some of them admit that "they just can't do anything with their boy" and on investigation it sometimes turns out that they have not tried but on the other hand have let their children run wild. Practically every fond mother, and some fathers present the old, old excuse, that their boy is a perfect angel, but that "other bad boys got him into it." This excuse is given when the facts show that their "Johnny" is the leader

of the "gang." The only object of the "gang" is to help their children "get out of trouble." The idea of co-operating with the courts and officers to reform the offender does not occur to them, but on the other hand, they often assume a hostile attitude toward the officials, hire an attorney to "beat the case" and generally uphold whatever act was committed. This "incites" the offender to other crimes on the theory that his par-

Higher Electric Rates—WHY?

We are asking for an increase in rates and we want every customer to know that we are making the application and the reason for it.

Everyone knows that costs in all lines of business have advanced. Ours is no exception and yet we have been rendering service at the same old prices.

Everything that enters into the manufacture of electricity has advanced in price. One of the largest items—fuel—has advanced 175 per cent since November 1st, 1917.

The following are the present and proposed lighting rate schedules—

LIGHTING RATES.	
Present Step Rate.	Proposed Block Rate
1 to 49 KW 12c Net	First 50 KW 14c Gross or 12.6c Net
50 to 99 KW 11c Net	Next 50 KW 12c Gross or 10.8c Net
100 to 199 KW 10c Net	Next 100 KW 10c Gross or 9 c Net
200 to 299 KW 9c Net	Next 200 KW 8c Gross or 7.2c Net
300 to 399 KW 8c Net	Next 200 KW 6c Gross or 5.4c Net
400 to 599 KW 7c Net	All over 600 KW 5c Gross or 4.5c Net
600 or more KW 6c Net	

POWER RATES	
Present Step Rate.	Proposed Block Rate
1 to 99 KW 8 c Net	First 100 KW 8.5c Gross or 7.65c Net
100 to 199 KW 7.2c Net	Next 100 KW 7 c Gross or 6.3 c Net
200 to 299 KW 6.4c Net	Next 200 KW 6 c Gross or 5.4 c Net
300 to 499 KW 5.6c Net	Next 600 KW 5 c Gross or 4.5 c Net
500 to 999 KW 4.8c Net	Next 1000 KW 4 c Gross or 3.6 c Net
1000 to 2999 KW 4 c Net	Next 3000 KW 3 c Gross or 2.7 c Net
3000 to 4999 KW 3.2c Net	All over 5000 KW 2c Gross or 1.8c Net
5000 to 5999 KW 2.8c Net	
6000 or more KW 2.4c Net	

The above Net Rates apply on all bills paid on or before the 10th of the following month.

An estimate of our net income for 1919 based upon 1918 gross revenues, less expenses at present prices, will be about \$9,000.00, which would be only 9 per cent on our taxable value, which is placed on our property by the State Board of Equalization.

Now we are not asking a rate that will give us a profit. Neither are we asking enough to cover a reasonable amount for interest and depreciation on even our tax valuation, although in other lines of business selling prices have advanced in proportion to the costs. What we do ask is that we be given an advance to cover part of the advance in cost.

The above increase in rates applied to the same amount of current as sold in 1918 would increase our gross revenue only about \$3,100.00 but we are optimistic regarding the future of Ada—always have been, else we would not have invested money here in the first place and would not have done our share of the boosting—and we are willing to let the bright prospect of better days to come take care of part of the deficiencies of the present. We believe that the continued growth of the city will add enough new business to cover the difference between the above amounts (\$9,000 plus \$3,100) and what should be a reasonable amount to cover interest and depreciation.

How will this change in rates affect our customer's bills? Over 85 per cent of the bills are for less than 50 K. W. The old rate on these is 12c. The proposed net rate would be 12.6; an advance of only 6 mills—only 5 per cent. Not as much as you expected, is it? On larger quantities the net advance will vary from 1-2c to 1 1-2c.

Our books are kept in accordance with the system of accounting prescribed by the Corporation Commission for all public utilities—and the reports made therefrom monthly, quarterly and annually are made under oath and filed with the Commission regularly. The evidence submitted with our application is based upon these reports.

We will gladly give further information and details to any customer who will call at our office.

The Corporation Commission has set Friday, January 31st, for the date of hearing at Oklahoma City.

ADA ELECTRIC & GAS CO.

By F. E. BOWMAN, Manager.

ents uphold his acts and stand ready to assist him in any troubles he might get into, and incidentally encourage any crime he might commit. Such cases invariably develop into "repeaters" or second offenders. But the natural love that a parent has for his offspring prompts him to come to the rescue. But many of them seem to lose sight of the fact that the officials are anxious to co-operate with the parents to reform the boy and make him see the error of his way. Some parents seem to regard the officials as the sworn enemy both of the child and themselves.

I know of no cure or absolute prevention of juvenile crimes but I believe that these crimes would be lessened greatly if more effort were made on the part of the parents. In some cases, however, I have found that the home life of the children was made very unpleasant. This has a tendency to make the boy avoid home and seek the "gang." This leads to trouble. In many cases I find the parents should exercise a closer supervision generally. By this I do not mean that they should keep them under their eyesight constantly but that they should see to it that their children's energies are directed in the right channels. When not in school growing youngsters should be provided with work, or with healthy amusement. It has been said that "an idle brain is the devil's own workshop." I believe crimes would be lessened if parents would watch the shows the children attended, keep them in Sunday school, provide good books for them to read, and prevent them from loafing the streets. The cases filed in court show that more offenses are committed in summer when school is not in session than in winter. Furthermore, that more crimes are committed on Saturday and Sunday than on other days during the week.

Then there is another thing I want to mention here. During the past two years only one member of the Boy Scouts organization out of 54 arrests was brought before me. In my mind this is an excellent recommendation for the boy scouts. Every town in Pontotoc county should have a Boy Scouts organization. The returning soldiers will furnish good material for leaders.

The public may be interested in knowing the method of handling juvenile cases. As stated above first offense cases are usually probated or given suspended sentences on good behavior. The majority of those given paroles or suspended sentences "make good" and their paroles are not broken. Some, however, as in the case of adults, become repeated offenders and are sent to the Reform School. In checking the records I find a number of offenders who were later, after passing the age of 16, charged with felonies in the District court. These are very much in the minority, however.

In conclusion I want to say that in spite of the liberal manner of handling juvenile offenders, our State Reform School is always full to overflowing. Furthermore, there is hardly a day in our own county that some kind of complaint is not voiced against young offenders. Unless it is a more serious offense no formal complaint is filed.

I hope the facts contained in this article will be of some aid to the public who wants to see boys grow up to be good citizens and a credit to the state.

It is the sincere desire of the officials to co-operate with parents every way possible. I am here simply detailing facts and figures to you, and not in any way suggesting my own views, on raising your boy. You can study these facts and figures read between the lines and work out your own individual problem as you think best.

DAILY HEALTH TALKS

What Is The Cause of Backache?

BY DOCTOR CORNELL

Backache is perhaps the most common ailment from which women suffer. Rarely do you find anybody free from it. Sometimes the cause is obscure, but Dr. Pierce, of Buffalo, N. Y., a high medical authority, says the cause is very often a form of catarrh that settles in the delicate membranes of the feminine organs. When these organs are inflamed, the first symptom is backache, accompanied by bearing-down sensations, weakness, unhealthy discharges, irregularity, painful periods, irritation, headache and a general run-down condition. Any woman in this condition is to be pitied, but pity does not cure. The trouble calls for Dr. Pierce's Favorite Prescription, which is a separate and distinct medicine for women. It is made of roots and herbs put up without alcohol or opiate of any kind, for Dr. Pierce uses nothing else in his prescription. Favorite Prescription is a natural remedy for women, for the vegetable growths of which it is made seem to have been intended by Nature for that very purpose. Thousands of girls and women, young and old, have taken it, and thousands have written grateful letters to Dr. Pierce saying it made them well. In taking Favorite Prescription, it is reassuring to know that it goes straight to the cause of the trouble. There is but one way to overcome sickness, and that is to overcome the cause. That is precisely what Favorite Prescription is intended to do.

Send 10c for trial pkg. of Tablets. Address Invalids' Hotel, Buffalo, N. Y.

Constipated women, as well as men, are advised by Dr. Pierce to take his Pleasant Pellets. They are just splendid for constiveness.

WIRELESS PHONES ACROSS ATLANTIC

LONDON, JAN. 23. (British Wireless).—"By the time the peace treaty is signed we shall be talking across the Atlantic by wireless," says Godfrey Isaacs, managing director of the Marconi Wireless Telegraph Company, in an interview. "One day in the not far distant future," he adds, "I think we shall walk about with wireless telephones attached to our bodies and we shall be able, standing say in Piccadilly Circus, to call up a friend who is flying somewhere. Or we may have an invitation by wireless telephony from a friend flying in France to join him at dinner in the evening. Wireless telephony has been very largely used in war for communication between airplanes and headquarters and for artillery work. But there is no reason why it should not be available over very much longer distances."

"It will not be very long before one will be able to sit at one's desk in London and speak to New York practically instantaneously. Equal facilities will be available for communicating with Paris, Rome, Moscow or Amsterdam. In my view it will be as easy to speak to Sydney or Melbourne or to New Zealand."

"Long distance wireless telephony will apply also to ships at sea and to airplanes and airships."

For the ailments common among women, such as sick headache, backache, heartburn, nervous weakness and constipation, Prickly Ash Bitters is a splendid remedy. It purifies the bowels, tones the stomach, clears the complexion, sweetens the breath, restores energy and cheerfulness. Price \$1.25 per Bottle.—Gwin & Mays, Special Agents.

NEW YORK GUARD ORDERED HOME

By the Associated Press

WASHINGTON, Jan. 23.—The practically completed strength of the twenty-seventh division, New York national guard, about 25,000 men, have been ordered assembled for convoy home, the first combatant division to come as a unit. It is understood that the assembling of the twenty-seventh as a unit means the same will be done with the thirtieth and thirty-seventh divisions ordered yesterday to prepare for convoy home.

Avoid irregularity in the bowel movements, it leads to chronic constipation; a condition that poisons the blood and breeds disease. Prickly Ash Bitters restores regularly and puts the system in order. Price \$1.25 per bottle.—Gwin & Mays Drug Co., Special Agents.

REDUCED RATES ON FEED STILL IN FORCE

By the Associated Press

WASHINGTON, Jan. 23.—Special feedstuffs rates to drought ridden sections of the southwest were ordered extended today from January 25 to March 1, by the railroad administration.

Preparedness applies to the human body as well as to nations. A bottle of Prickly Ash Bitters on the shelf at home is the best and cheapest form of preparedness for indigestion, constipation and kidney troubles. It is the dose taken in time that wards off sickness and saves money. Price \$1.25 per bottle.—Gwin & Mays Drug Co., Special Agents.

DARING BRITISHER'S EXPLOITS IN ARABIA

LONDON, Dec. 23 (Correspondence of The Associated Press).—Colonel T. E. Lawrence of the British army who recently arrived in London with a son of the Sheriff of Mecca to give information concerning the Arabs' aspirations for independence is characterized by some London newspapers as "one of the most remarkable men produced by the war."

A fair-haired young Englishman of 29, smallish stature, Colonel Lawrence gave such services to the Arab cause that he was treated as a sheriff and given the additional rank of emir, which is equivalent to that of prince. No other European or Christian, according to the London Daily Mail, has ever received such a distinction at the hands of the royal family which is the senior or descendant of Mohammed.

Before the war Colonel Lawrence was a student of history at Oxford. As he was able to speak two Arabian dialects, he was sent by the war office in 1914 to do intelligence work in Egypt. Later he was assigned to aid in the negotiations with the King of the Hedjaz who revolted against the Turks at Medina in June, 1916, afterward joining the sheriff's military service. He adopted the full Arab field kit of flowing robe, headpiece and golden dagger.

With Sheriff Feisel, he planned the blowing up of troop and munition trains on the Hadjaz line, and so successful were their operations that the Turks put a price on their heads of \$85,000 each if taken alive, and \$35,000 dead.

They blew up seventeen trains, one a great troop train which contained Djemal Pasha, commander in chief of the Turkish army, and his staff. For this train Colonel Lawrence lay in wait for nearly three days and nights.

Several trains were permitted to pass in safety. Then came the big one and Colonel Lawrence pressed a button that set off a mine. The two huge engines were toppled into a ravine and the train was wrecked. Djemal Pasha's car near the end was derailed, and the commander in chief was launched into space. Uninjured, he picked himself up from the sand and fled for life, tearing off as he ran his medals, decorations and epaulets. These were found later and given to Colonel Lawrence.

C. E. Social a Grand Success.

The paragon of the First Christian church afforded the scene of great pleasure for the Young Peoples Society of Christian Endeavor, Tuesday evening.

Miss Chisholm, the president of the Society, had planned and labored hard in order to get the C. E. on its feet since the flu epidemic and we believe this event was the climax of her efforts and the beginning of a successful year for her in this great work.

Some thirty-five or forty young people participated in the evening's entertainment, girls being in the majority, and to say that Mr. and Mrs. C. V. Dunn are good hostesses is placing it very modestly.

The game of "smile" was a very appropriate one with which to begin as it put everyone in a good humor and prepared them for the remainder of the program which everybody enjoyed. There were no grouches present as was evidenced from the number of forfeits having been paid.

All were astonished to learn the great roll that a "penny" played and the many important things that it represented, also, "corn" proved to be a very interesting study as all are willing to testify. It carries one through ancient history, American history, furnished music for the famous Roman Gracchi and entertained the first Gentile convert, renders everyone capable of angling and giving us good things to eat, and finally developing into a tree and affording a shade for the weary traveler.

"Old King Cole" was very much in evidence at this time and demanded that all bow before him and make obeisance to his majesty. Some splendid readings and some joyous music added greatly to the entertainment of all.

"When in the course of human events it became necessary to" have a climax, and this occasion was no exception, there is always some one who rises up in their grandeur that people may call them blessed. This event was not lacking in this respect, for Mrs. Dunn was the one to rise at this time assisted by Miss Chisholm and Mrs. Cunningham and others proceeded to make all hearts glad with some tempting refreshments; which consisted of sandwiches, hot chocolate, together with delicious fruit salad daintily dispensed on lettuce leaves. All were agreed that it was good to have been there and wished that this would be made a regular monthly affair. After some very appropriate remarks by the pastor with reference to Endeavor work, everyone departed with a feeling of gratitude and a happy heart.

REPORTER.

State of Ohio, City of Toledo, Lucas County, ss.

Frank J. Cheney makes oath that he is senior partner of the firm of F. J. Cheney & Co., doing business in the City of Toledo, County and State aforesaid, and that said firm will pay the sum of ONE HUNDRED DOLLARS for each and every case of Catarrh that cannot be cured by the use of HALL'S CATARRH CURE. SAFE, GENTLE REMEDY BRINGS SURE RELIEF

For 200 years GOLD MEDAL Haarlem Oil has enabled suffering humanity to withstand attacks of kidney, liver, bladder and stomach troubles and all diseases connected with the urinary organs, and to build up and restore to health organs weakened by disease. These most important organs must be watched, because they filter and purify the blood; unless they do their work you are doomed.

Weariness, sleeplessness, nervousness, despondency, backache, stomach trouble, pains in the loins and lower abdomen, gravel, rheumatism, sciatica and lumbago all warn you of trouble with your kidneys. GOLD MEDAL Haarlem Oil Capsules are the remedy you need. Take three or four every day. The healing oil soaks into the cells and lining of the kidneys and drives out the poisons. New life and health will surely follow. When your normal vigor has been restored continue treatment for a while to keep yourself in condition and prevent a return of the disease.

Don't wait until you are incapable of fighting. Start taking GOLD MEDAL Haarlem Oil Capsules today. Your druggist will cheerfully refund your money if you are not satisfied with results. But be sure to get the original imported GOLD MEDAL and accept no substitutes. In three sizes. Sealed packages. At all drug stores.

Breathes there a man with soul so sad—
As to himself hath never said,
"Some day—it may be near or far,
I'm going to own a motor car?"

Three Great Reasons.

Many reasons could be given why you should get your leather goods repaired at the Progressive Shoe Shop. But mention will only be made of THREE GREAT REASONS at this time.

1st. Only the best leather is used by the Operator.

2nd. The MAN at the work bench is a Scientific and Practical Mechanic.

3rd. THE PRICES are not too high to be reached by any one in need of Repair Work on Leather goods. Boots, Shoes, Suit Cases, etc.

1-23-1t J. A. CRANE, Prop.

Next Sunday With Methodists.

Wallace M. Crutchfield, Pastor.

It is our purpose to speak next Sunday on the Social Tasks of the Church in as practical a way as possible. We will not want to call attention to matters a thousand miles away save as they will cast light on local conditions. There will be a

brief talk also at each service from a "Minute Man," who will represent matters of special interest to the centenary movement.

Notice Eastern Star.

All members of the Eastern Star are urged to attend the meeting this evening.

James W. Hicks is another honorably discharged soldier who is beginning life anew and facing the future without misgivings. He is learning the shoemaker's trade with J. A. Crane and being a young man of thrifty habits and good character is a very desirable citizen.

The gin building at the Center gin burned last night, January 22, between 8 and 9 o'clock. Origin of the fire is unknown. Loss about \$4000, partly covered by insurance. The plant will be rebuilt this summer.

LYCEUM NUMBER AT NORMAL TOMORROW

The next number of the lyceum course at the normal will be a lecture Tuesday evening by Dr. William Rainey Bennett.

Dr. Bennett is a self-made man, he has faced and surmounted formidable obstacles and speaks from experience. He is one of the most widely known men on the platform today and his thoughts have been given wide publicity through the press. He reaches and holds his audiences as few men of the day can.

SUIT FILED FOR

ALLEN PROPERTY.
Jake Story, through his attorneys, Wimble and Duncan, has filed suit in the district court, for \$10,000.00 and recovery of real estate. This strip of land consists of thirty acres and is dotted with a number of residences and extends slightly into the business section, including the Hotel Donaghey and other buildings. It also includes the Farmers and Merchants gin and the city light and water plant.
It is set for hearing February 6th.—Allen Hustler.

CARRANZA WOULD REDISTRIBUTE LANDS

By the Associated Press.
MEXICO CITY, Dec. 23.—A project for the division of national lands of Mexico among small farmers and ranchers is expected to be presented by President Carranza to the present session of the Mexican Congress. It is proposed to organize agricultural colonies with state support and supervision in the states of Coahuila, Nuevo Leon, Chiapas and Chihuahua. The plan involves the development of irrigation projects which already have been proposed by the Department of Development and to conserve conservation of natural resources.

The outline of a new series of laws to govern the relations between employers and the employed and to limit the working day to eight hours has been submitted to the representatives in congress. The proposed laws are intended also to protect the wage of workmen, provide hygienic surroundings for workers, compensation for industrial accidents, protection of women employees and arbitration of industrial disputes.

INDIAN OIL LEASE TERMS MODIFIED

WASHINGTON, D. C., Jan. 23.—As emergency conditions brought about by the war and the acute shortage of oil no longer exist amendment to oil and gas lease form approved February 21, 1918, requiring lessees to drill a well within nine months is rescinded effective today and gas leases in future should be executed on form used prior to amendment of February 21, 1918.
SELLS, Commissioner.

SCHOOL LAND RECEIPTS FROM OIL AND GAS \$1,620,848.

OKLAHOMA CITY, Jan. 23.—Receipts of the school land department from oil and gas leases of school land for the calendar year of 1918 amounted to \$1,620,848, according to figures prepared by W. A. Durant, oil and gas agent of the department. This is lease bonus money, rentals and any income whatever from oil and gas school lands. The biggest months' business were those of May and July, when in the former the department took in \$324,723 and in the latter \$841,416. The department now has under lease 640 tracts, involving practically 233,400 acres. In addition, the department has segregated for oil and gas lease purposes approximately 290,420 acres more that it not yet under lease.

EXCELL AND ROPER CANNOT COME TO NORMAL SCHOOL

Some time ago it was announced that Professors E. O. Excell and Alvin W. Roper would lead in a community sing at the Normal school sometime during the latter part of March. These artists had definitely agreed to come at this time. However, President Gordon has a letter from Mr. Excell under date January 16 stating that conditions have arisen that will prevent their coming. This is a serious disappointment to the Normal School and to the song interests of the county. Mr. Gordon hopes yet to be able to have Mr. Excell and Mr. Roper sometime in the near future.

GROSS PRODUCTION TAX NEARLY \$4,000,000

Gross production tax collected for the fiscal year 1917-18 amounted to \$3,933,722, according to figures compiled by State Auditor Frank Carter. From the different sources the collections were: Oil, \$3,634,459; gas, \$124,285; lead, \$19,640; zinc, \$51,142; jack, \$3,970; asphalt, \$274. Of the total amount of tax \$381,358 came from Creek county. \$215,646 from Carter county and \$127,001 from Tulsa county. Following the figures down a little more Mr. Carter claims that it only cost one twenty-fifth of 1 per cent to collect it.

TWO MORE TRANSPORTS SAIL FOR AMERICA.

By the Associated Press.
WASHINGTON, Jan. 23.—The battleship Connecticut is due at Newport News February 1 with about 1000 men and the transport Mallory is expected to reach New York by January 31 with 1800 men of the 327th field artillery and a number of casuals.
